WELCOMING SPEECH OF **RECTOR**

Assoc. Prof. Drs. Jazim Ahmad, M.Pd.

First of all, let us pray and give thanks to Allah ﷻ for gratitude and grace, *taufik*, and guidance. Hence, the entire academic community of Muhammadiyah University of Metro is able to deliver this beloved university to its 53rd year in 2019. *Alhamdulillah* we can hope and pray the crowning achievements having received up to the recent date. Without having the grace of Allah ﷻ, it is not possible for UM Metro to achieve that level.

Secondly, in order to actualize an effective, transparent, accountable and results-oriented management, Universitas Muhammadiyah Metro continues to establishing the accreditation within institutions supported by the accreditation of departments at this university. Remarkable efforts have been made to encourage the acceleration by providing over long-term stimulation improvement program in each department. Apart from previous points, the accessible and informative scientific publications of the lecturers are ideal base to evaluate the university progress. Furthermore, we are greatly encouraged by open-public e journals and several international cooperations to follow as well.

The available information of UM Metro's official website is expected to open a wide network for receiving real existence of UM Metro and challenging big demand by public and social community, especially in Lampung Province. In addition, will agree to cooperate with other universities including both national and international institution.

Eventually, detailed program about our university will be presented in the following pages and please kindly visit our website to receive complete and update information.

Last but not least, we are happy to welcome you on our campus.

OUR LOCATION

OUR HISTORY

The existence of Muhammadiyah University of Metro (UM Metro) is integration with: (1) College of Teacher Training and Education Muhammadiyah Metro (2) College of Economics Muhammadiyah Metro, (3) College of Engineering Muhammadiyah Metro, and (4) College of Ushuluddin Muhammadiyah Metro. The recognition of four colleges has been obtained and accredited by the Ministry of Education and Culture in 1990. After the merger, the four colleges subsequently became the Faculty of Teacher Training and Education, the Faculty of Economics and Business, The Faculty of Engineering and the Faculty of Islamic Studies in which Faculty of Ushuluddin (FU) was named after. To anticipate the needs of professional staff in the community, the 1997/1998 academic year a Diploma (D-3) Computer Information Management program was developed, and in the next following period within 2002/2003 academic year the Faculty of Law was officially opened for the public, then English Education Department, Diploma-3 Accounting Department and Diploma-3 Financial Management and Banking Department.

Moreover, the development of the last four years directed toward on the increase of academic level program. Establishing in 2012, master program in Biology Education Department has officially opened, followed by the Master of Management Department in 2013, and Master of Education Management Department in 2014. Subsequently, in 2017, UM Metro re-opened three Departments simultaneously namely Bachelor degree of Computer Science Program, Islamic Education Management Department and Islamic Early Childhood Education Department. In the same year, a new faculty has named under the Faculty of Computer Science by overseeing 2 Departments, namely the Computer Science Department and Diploma 3 Computer Information Management Department which now becomes Information System Department.

In 2019, UM Metro is able to assist a Teaching Profession Education Program in Economics and History.

VISION & MISSION^{OF} MUHAMMADIYAH UNIVERSITY OF METRO

VISION

"The integration of Islamic values in individual competencies and institutions towards the top ten of the best Muhammadiyah Universities in 2020."

MISSION

Establishing Islamic values in profession with attention to details on national and international issues by making every effort to:

- 1 increase human resources that live up to, practice and develop Islamic values into the design and actualization of competencies, hence it reflects prophetic human resources (strong *aqidah*, worship, *mu'amalah* and morals), intellectualists (mastering science, technology and art), humanists (*ukhuwah*, responsible and empathy), and able to maintain and develop their fields of expertise.
- 2 produce Islamic and professional graduates to fill the needs of the community (*mubaligh*).
- 3 develop technological knowledge and arts (IPTEKS) that benefit to humanity (wisdom).
- 4 develop excellent service to the academic, scientific, institutional, and social community
- 5 develop a healthy, independent and credible institution in carrying out the trust for institutional.
